

Course Catalog

Courses Approved by UMBC for CCEMTP Providers

- * A150 12-Lead ECG Interpretation Part 1 and Part 2
- * A153 Automatic Transport Ventilators in EMS
- * A204 Unusual Resuscitation Situations
- * A207 Pain Assessment
- * A208 Pain Management
- * A213 Assessment, Treatment, and Transport of Morbidly Obese Patients
- * A220 Pediatric Patient Assessment: Part 1
- * A221 Pediatric Patient Assessment: Part 2
- * A222 Pediatric Fluid Resuscitation and Airway Management
- * A224 Methamphetamine: Use and Hazards for EMS
- * A226 Recognition and Management of Over-the-Counter Drug Overdoses
- * A229 Sepsis: Recognition, Prevention, and Management
- * A233 Basic 12-Lead Electrocardiogram Operation and Interpretation
- * A234 Demystifying the Central Line
- * A237 Clinical Decision Making
- * A239 Emergency Childbirth
- * A240 Obstetric Complications
- * A241 Abdominal Emergencies
- * A244 Renal Failure
- * A248 Altitude Illness
- * A250 Asthma Part 1: Epidemiology, Pathophysiology, and Assessment
- * A251 Asthma Part 2: Treatment
- * A253 Kinematics of Trauma
- * A255 Basic Airway Management
- * A260 Nausea and Vomiting Management
- * A261 Tricyclic Antidepressant Overdose
- * A262 Calcium Channel Blocker Overdose
- * A263 Methicillin Resistant Staphylococcus Aureus (MRSA) information for Emergency Responders
- * A264 Smallpox
- * A266 Diabetic Ketoacidosis Assessment and Management
- * A268 Diabetic Emergencies Part 1: Causes and Types
- * A269 Diabetic Emergencies Part 2: Assessment and Treatment
- * A271 Shock and Shock Management
- * A274 Geriatric Assessment Challenges
- * A275 Traumatic Brain Injury
- * A277 Ecstasy Abuse Management
- * A279 Special K: Ketamine Abuse
- * A281 Pharmacology and Drug Administration
- * A283 Seizure Management
- * A295 Introduction to Capnography
- * A402 Pharmacology Special Considerations: Pediatric, Geriatric, and Obstetric
- * A403 Non-Visualized Airways Part 1: Combitube
- * A404 Non-Visualized Airways Part 2: King LT and LMA
- * A405 Non-Invasive Positive Pressure Ventilation: Prehospital Use of CPAP and BiPAP
- * A406 Heart Failure Pathophysiology of Disease Progression and Current Trends in Care
- * A407 Intraosseous Infusions
- * A408 Acute Coronary Syndrome
- * A409 Advanced Shock Part 1
- * A410 Advanced Shock Part 2
- * A415 Defibrillation for the Paramedic
- * A419 Pediatric Cardiac Emergencies
- * A420 Pediatric Airway Management
- * A421 Pediatric Respiratory Emergencies: Upper Airway
- * A422 Pediatric Respiratory Emergencies: Lower Airway
