

There's no more convenient way to supplement your classroom materials than with CentreLearn's extensive library of plug-and-play courses which includes authoritative full motion video lessons from the **Emergency Film Group** about HazMat Operations, Fire Investigation, WMD incidents, Terrorism, and Technical Rescue. Each lesson, written by top subject matter experts, present up-to-date and accurate information for fire, EMS, and law enforcement audiences from federal regulations, national consensus standards, texts, and periodicals. Each exciting film is a presentation that will stimulate and inform. Use Emergency Film Group titles alone, paired with other CentreLearn lessons or classroom materials, hands-on exercises, or in combination with your own uploaded content – the choice is yours.
